mim Sol Re mim Sol Re mim No need to feel the pain
mim sim Re mim Sol Re mim no need to feel betrayed
mim Sol Re mim Sol Re mim no need to feel inane
mim sim Re mim Sol Re sim no need to feel afraid

sim Do Sol Re Wake me up before I die, hold me close
sim Do Sol Re as I gaze upon the sky, comatose
sim Do Sol Re no reason to survive, I suppose
Do sim Sol mim wake us up before we die

No need to feel desire
(but I need you with me)
No need to feel so small
(but I need to feel secure)
No need to feel the fire
(but I need to feel free)
No need to feel at all
(but I need to know for sure)

Wake me up before I die, hold me close
as I gaze upon the sky, comatose
no reason to survive, I suppose
wake us up before we die
