

Wish you where here · Pink floyd

Do Re So, so ya think you can tell

lam heaven from hell,

Sol blue skies from pain,

Re can you tell a green field

Do from a cold steel rail'

lam a smile from a veil'

Sol do ya think ya can tell'

Do Did they get you to trade,

Re your hero´s for ghosts,

lam hot ashes for trees

Sol hot air for a cool breeze,

Re cold comfort for change,

Do did you exchange,

lam a walk on part in the war,

Sol for a lead role in a cage'

Do How I wish,

Re how I wish you were here,

lam we´re just two lost soles

Sol swimming in a fish bowl,

Re year after year,

Do running over the same old ground,

lam but have we found the same old fears,

Sol wish you were here
